

# The 1994 Auto Age All-Stars

## Who were they, anyway?

On each Auto Age 500, reported annually in the June issue of *Dealer Business*, Ed Pasini, our in-house dealer financial expert, picks the All-Stars—dealerships which rank among the top 100 in all seven categories we track—new units, new dollars, used units, used dollars, F&I, service & parts, and body shop.

More dealerships made the ranking this year than ever before—so many, in fact, that we did not have room to list them. Here are those dealerships which achieved All-Star status on the 1994 Auto Age 500, as well as the runners up. They are a very select group of dealerships, indeed, and we salute their accomplishment.
